

COMPLEX FLUID EXPERTS

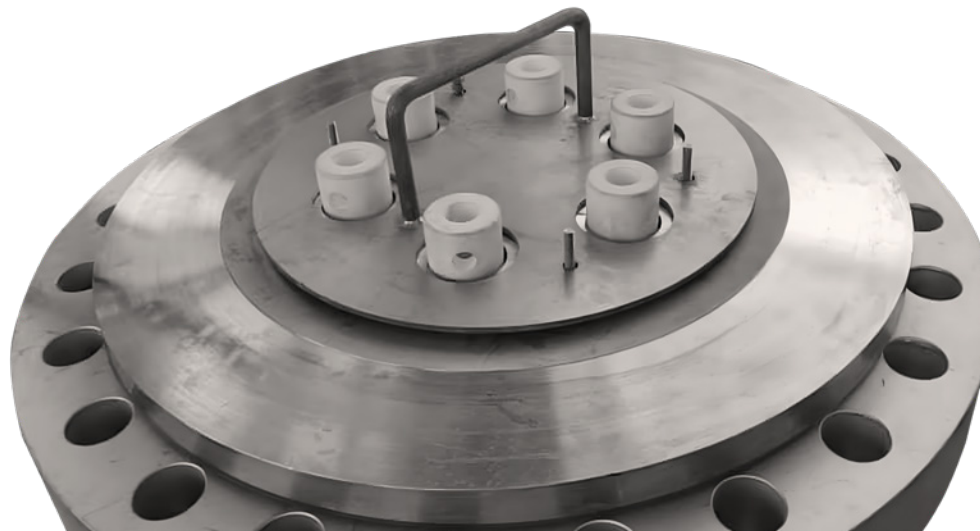

UNIQUE FIELD PROVEN INNOVATIVE STATE-OF-THE-ART TECHNOLOGIES

PERMANENT PROCESS EQUIPMENT

HYDRO CYCLONE UPGRADE & RETROFIT SERVICES

CETCO Hydro Cyclone Liners can be installed as a like for like replacement against OEM liners with minimum modifications in most applications. Additionally, 'equivalent' spares for older generation hydro cyclones can also be manufactured and supplied to suit OEM vessel housings.

HYDRO CYCLONE LINERS

FEATURES & BENEFITS

UPGRADE AND RETROFIT SERVICE WITH OEM EQUIVALENT LINERS, USING IN-HOUSE CFD MODELING TO ENHANCE PERFORMANCE AND RELIABILITY

- Reduce downtime in 'non-OEM support' scenarios
- CFD technical assurance support
- Compliments CETCO ORCA™ Service (Optimization Service)
- Solids and liquids liner variants
- MOC flexibility (Duplex, WC, SiC)
- Trial & evaluation rental packages

APPLICATIONS

FOR BOTH ONSHORE AND OFFSHORE OIL & GAS PRODUCTION FACILITIES

- Oil & Gas life extension programs
- Critical spares supply
- OEM 'equivalent' support
- Process optimization
